**Wed Sept 18/24 Updates in Ophthalmology**  
**\*RECORDING\***  
 Sun, Mar 16, 2025

Agenda: [Recording of Wed Sept 18/24 Live Zoom Session](#)

**Expires Mar 16/25**

Link to flyer [#mce\\_temp\\_url#](#)

Dr. Brian Skorobohach  
**Topic: Corneal Opacities in Dogs and Cats**  
**Description:** The cornea is transparent, densely innervated, avascular, and the major refractive structure of the eye. Anything that alters this organization or deturgescence leads to development of a corneal opacity. We will explore the different appearance of the opacities, causes and treatment of these conditions.

**After you register and pay a link to the recording and quiz will be emailed to you within 48 hours.**

You must get 80% or higher on the quiz to pass and receive the CE credits. A CE certificate will be emailed to you within 48 hours of successfully passing the quiz.
