

Alberta Veterinary Dentistry Wants YOU!

We are seeking a full-time or part-time RVT with an interest in dentistry and anesthesiology at our privately owned, referral-only dental practice. Your desire to learn is more important than your skill level or experience in dentistry, and new grads are welcome to apply. We will provide comprehensive on-the-job training to increase your confidence and skill in providing exceptional dental care and anesthetic management. You will be supported by a veterinary dentist, a veterinary anesthetist, and two RVTs who each have their veterinary technician specialty in dentistry. We enjoy a collaborative, family-like atmosphere in a positive working environment where we truly love coming to work each day to our beautiful and well-designed facility. You will fully utilize your tech skills and you will be appreciated. We work a condensed Monday-Thursday work week and offer more than you would expect regarding salary, payment of dues, uniform allowance, health care plan, and pet discounts. In addition, we offer an unusually generous CE allowance, including a fully paid trip to the annual Veterinary Dentistry Forum. We encourage personal and professional growth and will mentor you in achieving a dental technician specialty if that is your desire.

If you believe you would be a good fit for our practice or want to learn more about what we have to offer, reach out to us! Please email your resume and cover letter to Amy at amy@albertavetdentistry.com.
