Mobilizing RVTs[®]

INTENSIVE & IMMERSIVE LEARNING FOR
REGISTERED VETERINARY TECHNOLOGISTS

This innovative, one of a kind, program is changing the landscape of veterinary medicine. Five full days of highly interactive learning and coaching designed and delivered to build communication skills, optimizing the profile and responsibilities of Registered Veterinary Technologists/Technicians. Our topics: dialogue skills, vaccine and deworming conversations, nutritional wellness, cooperative care during appointments, regulation review and revenue generation. This is more than continuing education, it's a solid business investment. For RVTs only.
